

# Pacifica - Silent Affection

tom:

C

I'm seeing different colors

Couldn't tell you nothing further

I couldn't lie, couldn't write something random

I can tell that it's too much to handle

C

I wouldn't wanna bother

But I'm not thinking of another

I like to burden with silent affection

Made a turn and a slight deviation

C

I'm dreaming of a place we can go

Where we can disappear and drive on this road

We're gonna wake up

Pretend that nothing happened

And just get up

I'm dreaming of a place we can be

It's just a freak scene, where it's just you and me

Not gonna wake up

Pretend that nothing happened

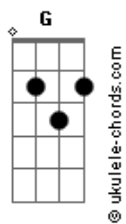

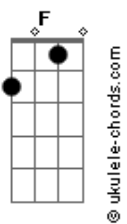

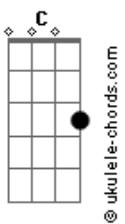

And just get up

## Acordes

You know there's no way that I could tell you

I know there's no other way you'd call me love

Hmm, all the little light you're giving out

You know there's no way that I could tell you

I know there's a better way than using words

Hmm, if there's nothing to be said

Why don't we just stay?

C

I'm dreaming of a place we can go

Where we can disappear and drive really slow

Not gonna wake up

Pretend that nothing happened

And just get up

I'm dreaming of a place we can be

It's just a freak scene, when it's just you and me

Not gonna wake up

Pretend that nothing happened

And just get up

I wouldn't wanna bother

But I'm not thinking of another

I like to burden with silent affection

Made a turn and a slight deviation
