Yes I believe in God

Yes I believe in his love

Yes I believe in God

Yes I believe in his love

Yes I believe in his love

Yes I believe in his love

Yes I believe in his love

The stories I came here to tell

The stories I came here to tell

They speak of God, and truth, and love

They speak of God, and truth, and love

They show man in search of life

They show man in search of life

And life itself in search of man

And life itself in search of man

God is always with his people

God is always with his people

Yet we hardly understand

Yet we hardly understand

Yes I believe in God

Yes I believe in God

Yes I believe in his love

Yes I believe in his love

Yes I believe in his love

Yes I believe in his love

So many times I stop and wonder

So many times I stop and wonder

Why we live the way we do

Why we live the way we do

For we say God came to earth

For we say God came to earth

And yet we hardly think of Him

And yet we hardly think of Him
