

Pale Grey - Seasons

	tom:	As long as she will stay
G		
Now we're getting older	Gm	That's what I'm afraid of
Life is turning out		Remain here when she goes
Colder every winter		Pass away would feel much easier
She doesn't mind		Than to stay on my own
Many years together		She says we'll be together
Kids are on their way		After all
I will feel alive		Maybe she will fly away
		While I fall

Acordes
