Am  
Maybe I left you

But you were with your friends

I tried to make a good impression

Dm F C G  
But I failed again

( C Am G Em )

C Am C  
It was New Years Eve, there's too much noise

Am  
I could barely hear my own voice

C Am  
I always said you were too shy

C Am  
But then I went off to cry

C  
I stopped so many times

Am C  
Blank faces passing me by

Am C  
I wish I never worn that white dress

And you found me outside

Am C  
Looking like somebody died

G  
Thought my heart was coming out my chest

C Am  
I don't wanna be alone on New Years Eve

G C F  
Do you even wanna be with me?

C Am  
I don't wanna be alone on New Years Eve

G C F  
Do you even wanna be with me?

C Am C Am  
I vaguely remember laughing with your best friend

C Am  
And you used to tell me that she didn't like me

C G  
Did you lie or did she pretend?

C Am  
I don't wanna be alone on New Years Eve

G C F  
Do you even wanna be with me?

C Am  
I don't wanna be alone on New Years Eve

G C F  
Do you even wanna be with me (be with me, be with me)?

Am F C G  
I think you're so kind

Am F C G  
And all I give you is such a terrible time

Am F  
And I fucked it, never forget

C G  
The way you looked at me

Am F  
And I fucked it, never forget

C G  
You're the best thing that's happened to me (me, me, me)

C Am  
I don't wanna be alone on New Years Eve

G C F  
Do you even wanna be with me?

C Am  
I don't wanna be alone on New Years Eve

G C F  
Do you even wanna be with me?

Am F  
Oh, I don't wanna be alone on New Years Eve

C G  
You're the best thing that's happened to me

Am F  
I don't wanna be alone on New Years Eve

C G  
You, you're the best thing that's happened to me

( Am F C G C )
