Tom: E

Cm
 You got two black eyes from loving too hard
A
 And a black car that matches your blackest soul
E
 I wouldn't change ya, oh oh
 Wouldn't ever try to make you leave, no
Cm
 The neon coast was your sign
A
 And the Midwest wind with Pisces rising
E
 Wouldn't change ya, oh oh
 Wouldn't ever try to make you leave, no

B
 Static palms melt your vibe
A
 Midnight whisperings

Cm
 The black magic of Mulholland Drive
A
 Swimming pools under desert skies
E
 Drinking white wine in the blushing light
 Just another LA devotee
Cm
 Sunsets on the evil eye
A
 Invisible to the Hollywood shrine
E
 Always on the hunt for a little more time
 Just another LA devotee

Cm
 Just another
 Just another, oh oh
A
 Just another
 Just another, oh oh
E
 Just another
 Just another, oh oh
 Just another LA devotee

Cm
 You got bleached out eyes from the valley sand
A
 And the black tar palms keep weeping your name
E
 I couldn't change ya, oh oh
 Couldn't ever try to make you see, no
Cm
 The high rise lights read your rights
A
 And a downtown storm with Aries rising
E
 Couldn't change ya, oh oh

Couldn't ever try to make you see, no
