

# Panic! At The Disco - LA Devotee

Tom: E

**Cm**  
 You got two black eyes from loving too hard  
**A**  
 And a black car that matches your blackest soul  
**E**  
 I wouldn't change ya, oh oh  
 Wouldn't ever try to make you leave, no  
**Cm**  
 The neon coast was your sign  
**A**  
 And the Midwest wind with Pisces rising  
**E**  
 Wouldn't change ya, oh oh  
 Wouldn't ever try to make you leave, no

**B**  
 Static palms melt your vibe  
**A**  
 Midnight whisperings

**Cm**  
 The black magic of Mulholland Drive  
**A**  
 Swimming pools under desert skies  
**E**  
 Drinking white wine in the blushing light  
 Just another LA devotee  
**Cm**  
 Sunsets on the evil eye  
**A**  
 Invisible to the Hollywood shrine  
**E**  
 Always on the hunt for a little more time  
 Just another LA devotee

**Cm**  
 Just another  
 Just another, oh oh  
**A**  
 Just another  
 Just another, oh oh  
**E**  
 Just another  
 Just another, oh oh  
 Just another LA devotee

**Cm**  
 You got bleached out eyes from the valley sand  
**A**  
 And the black tar palms keep weeping your name  
**E**  
 I couldn't change ya, oh oh  
 Couldn't ever try to make you see, no  
**Cm**  
 The high rise lights read your rights  
**A**  
 And a downtown storm with Aries rising  
**E**  
 Couldn't change ya, oh oh

Couldn't ever try to make you see, no
