

Parachute - One

Tom: G
Intro: 2x: D C G D

Verso 1:
there's only one way to say it.
you're my refuge in a complicated world that's drying up and burning out.
There's only one way to play it, so simple in a sophisticated world that's speeding up, not slowing down.

Pré-Refrão:
you opened up my eyes to see you.
you opened up my heart to the truth.

Refrão:
Jesus, i love you.
Jesus, one way, one life, one truth.

Verso 2:
there's only one way to the father, through jesus the risen one.
god's love revealed to everyone.
there's only one life and i live it and give it all back to you.

Ponte:
jesus, one way, one life, one truth
