Being all alone?
                                                                 Ain't it good to be on your own?
I don't mind
                                                                 Ain't it fun you can't count on no one?
Letting you down easy
But just give it time
                                                                 Ain't it good to be on your own?
If it don't hurt now
Then just wait
                                                                 Ain't it fun you can't count on no one?
Just wait a while
You're not the big fish in the pond
