

Paramore - Future

Tom: **C**
Intro:

I'm writing the future, im writing it out loud
we dont talk about the past, we dont talk about the past, no
so im writing the future, im leaving a key here
something wont always be missing, you wont always feel empty
(**F G**) (4x)

Think of the future, and think of your dreams, you'll get away from here

you'll get away eventually, so lets think of the future, think of a new life

and don't get lost in the memories, keep your eyes on the new prize

F C G (Até o final da música)
