

Paramore - Future

Tom: C

(F G) (4x)

Intro:

I'm writing the future, im writing it out loud
 we dont talk about the past, we dont talk about the past, no
 so im writing the future, im leaving a key here
 something wont always be missing, you wont always feel empty

Think of the future, and think of your dreams, you'll get away from here

you'll get away eventually, so lets think of the future, think of a new life

and don't get lost in the memories, keep your eyes on the new prize

F C G (Até o final da música)
