

Paramore - Now

Tom: **A**

Música em drop **Db**

Don't try to take this from me
Don't try to take this from me

Don't try to take this from me
Don't try to take this from me

Feels like I'm waken from the dead
And everyone's been waitin' on me
'Least now I'll never have to wonder
What it's like to sleep a year away
But were we indestructible
I thought that we could brave it all (all)
I never thought that what would take me out
Was hiding down below
Intro:

Lost the battle, win the war
I'm bringing my sinking ship back to the shore
We're starting over, or head back in
There's a time and a place to die but this ain't it

Verso 2:

Guitarra 2: **E D** Guitarra 1: **E D**

If there's a future, we want it

If there's a future, we want it

If there's a future, we want it

If there's a future, we want it

Refrão: **C A C A F**

Don't try to take this from me
Don't try to take this from me

Don't try to take this from me
Don't try to take this from me

Wish I could find a crystal ball
For the days I feel completely worthless
You know I'd use it all for good
I would not take it for granted (granted)
Instead, I'd have some memories

For the days I don't feel anything
At least, they would remind me
Not to make the same mistakes again
