There's an empty room
at the end of the hall

straight through you now

And you're so
hateful sometimes
Throwing punches at lies
Fall from somewhere above
Just to say you're in love

So you hang yourself

from stolen dreams
And under the table
you hide every stain

Each step you take
(getting closer)
Makes it easier to
fall on your face
Each death you fake
(getting closer)
Makes it easier to
live this way And now

Watch it disappear
The dream you hold so dear
Let it fade (let it fade)
Let it fade (let it fade)
