

# Parcels - Outside

tom:

Intro: Eb Bb F

[Primeira Parte]

I've been outside, hoping for something better  
 Holding my eyes, holding myself together  
 And even on that island, heard my mother's wedding bells  
 I've been so tired, I've been so... tired

[Segunda Parte]

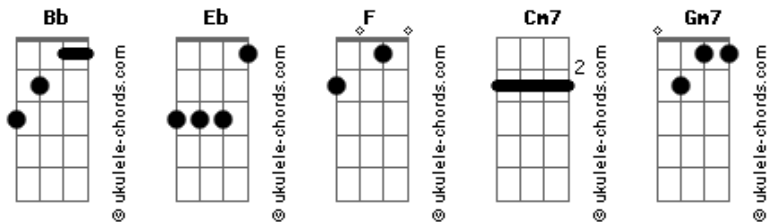

I've been alone, walking those streets forever  
 Holding my phone, wait to receive a letter  
 And I'm gonna see my father, gonna ask him something else  
 Where did you go? Ooh

[Refrão]

But everything's cool here, I don't want to ruin this party  
 Everybody's cool h?re, I don't want to ruin your party

( Eb Bb F )

## Acordes

[Terceira Parte]

Isn't that nice what an old man can tell ya?  
 Ain't it just cru?l what your old ma remembers?  
 I don't wanna be my father, but I don't wanna be alone  
 How can I hide? How can I... know?  
 ( Eb Bb F )  
 ( Eb Bb F )

[Quarta Parte]

I've been alone, writing ?you songs and letters  
 I've been alone, feels like I might forever  
 I'm been living on that island, but it's time to let it go  
 I've been so scared, I feel so... alone

[Refrão]
