

Passenger - Staring At The Stars

Tom: E

(com acordes na forma de C)

Capostrate na 4ª casa

Tobacco stains our yellow teeth

And all our fingers and underneath

Our fingernails that clasp on sheets

And we try desperately to sleep

Hearts are sad and eyes are tired

And all this red bull keeps us wired

It gives us wings

It gives us rings around our eyes

We put three sugars in our tea

Sit to watch day time t.v

And laugh at mums who don't know who the father is

And all our girlfriends are long gone

We watch too much internet porn

Who needs love when you've got silicone and strap ons

C Em C Em

And beer bloats our spoilt guts

And shit jobs keep us in ruts

And keep us eyeing up the what's and if's and but's and maybe's and

Falling over in the street

Is just a part of every week

And we lie drunkenly just staring at the stars

Remember when they were in reach

And all the teachers used to teach

You can do anything if you put your mind to it

We put our minds to it all

But disappointment crashed the ball

We could've done anything

We just never quite knew it so

Tie your scarf on tight

Its to be a cold night

Tie your scarf on tight

Its to be a cold night

Tie your scarf on tight

Its to be a cold night

Tie your scarf on tight

Its to be a cold night

Repete

Oh oh so tie your scarf on tight

Its to be a cold night

Tie your scarf on tight

Its to be a cold night

Tie your scarf on tight

Its to be a cold night

Tie your scarf on tight

Its to be a cold night
