

# Pat Green - College

Tom: G  
Intro: A D A D

Verse 1:

We were just dumb kids with a six pack that a bad fake ID bought  
Sittin' on the living room couch hopin' that we didn't get caught  
And when we did, my Dad had some good advice for me  
He said 'Son, there's a time and place for just about everything, it's called College'

Verse 2:

Next thing I know, I'm packin' up, and hey, I'm outta here  
A back seat full of clothes in my old Cavalier  
And there was empty pizza boxes stacked up around the room  
(walk up to D)  
A couple of beers on a Tuesday and one in the afternoon in College

Chorus:

Those were the best days of my life  
I found my friends, myself, and my wife  
I learned almost everything I know  
Without ever gaining knowledge'in College  
(yeah yeah yeah)  
In College  
(yeah yeah yeah)

Verse 3:

I had such a good time in those four years that I stretched it

into six

And I'd like to thank ol' George's Bar for the classes that I missed  
I was searching for the meaning of life when I saw her walk my way  
And there was no doubt in my mind that I wouldn't bat a GPA

Chorus:

Those were the best days of my life  
I found my friends, myself, and my wife  
I learned almost everything I know  
Without ever gaining knowledge'in College
