

# Pat Green - If I Had A Million

Tom: D

Well if I had me a million, build you a mansion  
 A hundred miles from nowhere, all a girl could need  
 Run around the hallways, and dance in the backyard  
 We ain't got no neighbors, ain't no one will see

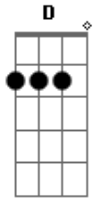

If I had me a speedplane, fly across the land  
 Land in some little border town

Drink some margaritas and dance to mariachi  
 Put you on my speedplane and I'd bring you on back home

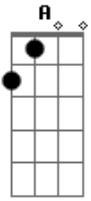

And if I had me a steamboat I'd sail across the ocean blue  
 Dock in some little port of call  
 We would have a fine time with swiss cheese and french wine  
 Put you on my steamboat and I'd bring you on back home

Yeah but I ain't got a million, I ain't got no speedplane  
 I ain't got a boat upon the sea  
 All I've got our these two strong arms, I can hold you so tightly  
 So baby won't you won't you please come back home with me
