I don't know where to go

I don't need heroes anymore

When it became fatal for me to win this battle, my friend

When did I have a choice?

Every cause has an effect

Even if you don't feel regret

You try to escape from the cave hidden inside you

To climb and break these walls, reset

You are what you've done when the last door closes behind you

Even though you try to forget, yeah

Every cause has an effect

Even if you don't feel regret

Everytime I feel you I know

Life is not a lie and I know

What if

Darkness is just a way to see the light?

What if madness is just a way to understand?

Hey, dear

Make up your mind and get it clear

Hey, you, aha

This is your truth, anyway, face this battle, my friend

You always have a choice

Everytime I feel you, I know

Life is not a lie and I know

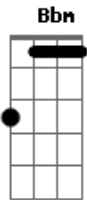

I'll never be a happy slave

I'll break free, no more mistakes

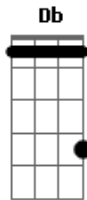

What if

Darkness is just a way to see the light?
