Tom: A

11th 1980 w COMING UP (LIVE)/ LUNCHBOX/
ODD SOX as B side.

Tabbed by:PJVillanueva

It seems that Paul wrote the song in the late 70's and performed it with Wings on 1979, but he didn't release it until his "solo" album, McCARTNEY II , when he di it as a single with the live version, recorded with Wings during a concert in Glasgow in 1979 , as B side. DJs began playing the live version and it was that which hit number one. Paul & Linda are the only people in the video and play all the band members roles (Paul adopted the looks of, Buddy Holly, Frank Zappa and Ginger Baker among others and also a 1964 Beatle version of himself. It was a number one hit in the UK for two weeks from the 31st May 1980.

You want a love to last forever
One that will never fade away
I want to help you with your problem
Stick around, I say

Coming up, coming up, yeah
Coming up like a flower
Coming up, I say

You want a friend you can rely on
One who will never fade away
And If you're searching for an answer
Stick around. I say

It's coming up, it's coming up
It's coming up like a flower
It's coming up. Yeah

You want some peace and understanding
So everybody can be free
I know that we can get together
We can make it, stick with me

It's coming up, it's coming up
It's coming up like a flower
It's coming up for you and me

Coming up, Coming up
It's coming up, it's coming up, I say
It's coming up like a flower
It's coming up
I feel it in my bones

You want a better kind of future
One that everyone can share
You're not alone, we all could use it
Stick around we're nearly there

It's coming cp, it's coming up everywhere
It's coming up like a flower
It's coming up for all to share
It's coming up, yeah
It's coming up, anyway
It's coming up like a flower
Coming up

To match the recording you must tune yous bass
a half step down.
