

Paul McCartney - Hope For The Future

```
Intro: E E E E E E E
Some hope for the future
Some wait for the call
To say that the days ahead
Will be the best of all
We will build bridges
       Е
Up to the sky
Heavenly light surrounding you and I
From out of the darkness
Our future will come
If we leave the past behind
We'll fly beyond the Sun
We'll be together,
      E
Sharing the load
                 C
Watching in wonder as our lives unfold
Hope for the future, it's coming soon enough
                    Ahm
How fast can we achieve?
Hope for the future, it will belong to us if we believe
Hope that rises in the dark
```

```
Where nothing's ever seen
Lighting undiscovered places
No one's ever been
