

Paul McCartney - Put it There

Tom: D

there

if it weights a ton

that's what a father said

Give to his youngest

me a hand

son

I don't care

if it weights a ton

I'd like to shake it

I want to show you I'm

as long as

your friend

can make it clear

you'll understand

if I

you and I

here put it there

as long as

it's all that matters in the end

put it there

put it

Acordes
