

# Paul McCartney - Put it There

Tom: **D**

there

if it weights a ton that's what a father said  
 Give to his youngest

me a hand

I'd like to shake it I want to show you I'm son I don't care if it weights a ton  
 your friend as long as

you'll understand if I you and I here put it there as long as  
 can make it clear you and I here

it's all that matters in the end put it there  
 put it

## Acordes
