

Paul McCartney - Shes Given Up Talking

Tom: G

She's given up talking, don't say a word
 Even in the classroom not a dickey bird
 Unlike other children, she's seen and never heard
 She's given up talking won't say a word

 You see her in the playground, mootin on her own
 Everybody wonders why shes all alone
 Someones got her angry, someones got her scared
 She's given up talking wont say a word

 But when she comes home its a yap, yap, yap
 Words are running freely like a water from a tap
 Her brothers and her sisters can't get a word in edgeways
 But when shes back in school again she goes into a daze

Bm
