

Paul Simon - Boy In The Bubble

Tabbed by AC Glee

This is how I've been playing this but:

- 1) this is my first ever attempt to submit tab
- 2) I have only recently started playing bass (previously lead guitar)
- 3) Haven't heard this song in years - worked it out from memory

Emphasize the fretted notes over the open A string throughout - vibrato and subtle can be used to give a fretless bass sound. Keep the feel loose and the slides up to the 12th 10th frets smooth.
