

# Paulinho Pedra Azul - Coração de Strass

tom:

D

Eu quero um coração  
 Que brilhe como luz  
 Eu quero um coração  
 Feito de strass, todo de strass  
 Quisera dez mil volts  
 Nessas mãos, quisera  
 Quisera enxergar a olho nú  
 Quisera

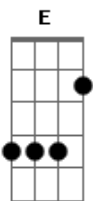

Eu quero ir pra festa principal  
 Vestido de alegria e sensação  
 E quero imaginar e acontecer

Subir num arco-iris musical  
 Eu quero aprender sobrevoar  
 No tempo que escorre  
 Pelas minhas mãos  
 Pousar num campo limpo devagar  
 Abrir asa de ave pra descer  
 Eu quero um coração que brilhe  
 Como jóia de valor  
 Que soe como um sino de cristal  
 Batendo forte se estilhaçar  
 Eu quero saber rir, saber cantar  
 Eu quero sentir gosto sem desgosto  
 Alegria, paladar
