

# Paulo Ciranda - Senhora da Luz

tom:

Intro: F C Em C

Oh senhora, mãe divina  
 Oh amada tão formosa  
 Com o branco em sua veste  
 E o seu manto azul celeste  
 Nos conduz à paz na terra

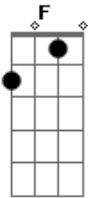

Nos estende a mão gloriosa  
 Refletida nos espelhos  
 Pra sairmos da cegueira  
 Pra olharmos pelos outros

Enxergando a nós mesmos  
 Ver os filhos dos mais pobres  
 Como vemos nossos filhos  
 Tendo a oportunidade  
 De ascender a felicidade  
 Dos nascidos mais protegidos  
 Oh amada mãe divina  
 Senhora de luz que encanta  
 Oh amada mãe divina  
 Senhora da luz!
