Did you see me feeding all my drinks to cam?

G A  
And that girl who tagged along there with you  
C B7 D

C D  
Keeping up with you, just like i used to

Nat was puking up all that beer she'd drunk

G A  
Hey there bud, how'd it go last night?  
C B7 D  
I woke up to a pair of shoes i've not seen next to mine  
G A  
Did you whisper as you crept in through the door  
C D  
How you'd never done much like this before?

G A  
I was thinking back just the other day  
C B7 D  
Remember when we used to sneak out late to go and blaze  
G A

C D  
But now she's knowing you, just like i used to
