# Pearl Jam - Black

```
   E7                A
Sheets of empty canvas
       E7              A
Untouched sheets of clay
  E7                      A              E
Were laid spread out before me as her body once did
E7           A
All five horizons revolved
E7                A
Around her soul, as the earth to the sun
E7              A                   E7
Now the air I tasted and breathed has taken a turn

Pre-Refrão:
 C                                 Em
Ooh, and all I taught her was everything
 C                             Em
Ooh, I know she gave me all that she wore

Refrão:
            D                     C
Em
And now my bitter hands chafe beneath the clouds of what was
everything
         D                       C
E
All the pictures have all been washed in black tattooed
everything

E7          A
 I take a walk outside
        E7                A
I'm surrounded by some kids at play
E7                 A          E7
I can feel their laughter,  so why do I sear?

Pre-Refrão:

 C                                        Em
Oh, and twisted thoughts that spin round my head, I'm spinning
          C                                      Em
Oh, I'm spinning, how quick the sun can drop away

Refrão: (solo do primeiro Refrão)
            D                     C
Em
And now my bitter hands cradle broken glass of what was
everything
         D                       C
Em
All the pictures have all been washed in black tattooed
everything
         D                       C
All the love gone bad turned my world to black
              D              C              Em D C
Tattooed all I see all that I am all ever be ..yeah

Em
