

Pearl Jam - Daughter Solo

Tom: C

key:

pm = palm mute

bend

/ or \ slide back/forth.

p = pull off

(H) = hold note

Listen here: <http://> - the tab I have here

is a better way to play it then the recorded version I put up. Okay this parts really neat, heres how I play it.

Hey guys, I noticed nobodies tabbed out this neat lil solo, so here it is Enjoy!

1:46 ultimate-guitar spaced this wierd.. it's D--12h14-----

-12h14-----

the whole way through

this next part sounds sorta muffled. if you listen to the song it's kinda tough to hear exactly what he's doing. So I just kinda palm mute some of the following notes and play this lil lick over that muffled section.

1:52

e-->

B-->

G-->

Play this lil lick twice.. pm etc
