

Pearl Jam - Dead Man Walking

Tom: E

Dropped-D tuning

Settling of my every step
Inching off of the earth

Prechorus
Is magnified by the things i've done

Chorus
The thing that i've become

Every lift of my hand
Coffee cup up and back

Pre-chorus
Is magnified by the things i've done

The things i've seen the things i've caused

Chorus
I'm a dead man walking

Interlude
The hammer that i once brung down now hovers over me
Cast a shadow, a cross onto me

Pre-chorus
The hallways are all mocking me

What i've become, they're all mocking me

I'm a dead man walking a dead man walking
A dead man walking

This song is really beautiful, and pretty easy to play. It sounds best acoustic, but it sounds pretty good on electric too.
