

Pearl Jam - Deep

Tom: **A** same as before

Mike-standard
 Solos are from the Ten songbook
 I pulled Mike's chorus part from the Brimli '93 video
 It is a strange harmony part, and as best as I can tell, is Bridge, Mike
 what he's playing
 live. However, I'm not sure so if you have this video or just
 another idea on
 this part, feel free to email me or post on the message board.
