

Pearl Jam - Scared Of Fear

tom:

[Primeira Parte]

Oh, did I say something wrong
Oh, did I walk out of step
To you, do I still belong
Do I have to be scared
Oh, I'm not saying I know
It's all feeling unclear
We all like control
I surrender to you, dear

[Refrão]

You're hurting yourself
It's plain to see
I think you're hurting yourself
Just to hurt me
We used to laugh, we used to sing
We used to dance, we had our own scene
Hurting yourself, it's plain to see I think you're
Hurting yourself
Cause you hurt me
We used to laugh, we used to sing
We used to dance, we used to believe

[Segunda Parte]

There's something I should've known Was I acting too proud?
Oh, in my weakness, did I somehow get too loud
Oh, can I get you alone? Oh, let me fall at your feet
Why must I be compelled to admit defeat

[Refrão]

Oh, you're hurting yourself, it's plain to see
I think you're hurting yourself just to hurt me
We used to laugh, we used to sing

We used to dance, we were our own scene
Hurting yourself, nothing to tell Your secret is well and
Safe with me
We used to laugh, we used to sing
We used to crash, we used to believe

[Solo]

(Em Gm Gm)

[Ponte]

I hear the voices calling, hear the voices calling
All around my head, all around my head
Hear the voices calling, oh, again they're calling
All around my head, have I lost my friend

Is this what we've become? Oh, one last setting sun
I'll give, but I can't give up, I'll live
Not long enough To stop these voices calling
Stop the voices calling
All around my head, as if you never left

[Refrão]

You're hurting yourself, it's plain to see
I think you're hurting yourself just to hurt me
We used to laugh, we used to sing
We used to dance, we had our own scene
Hurting yourself, it's plain to see I think
You're hurting yourself
Cause you hurt me
We used to laugh, we used to dream
We used to dance, we used to believe
