

# Pearl Jam - Setting Sun

tom: G [Intro] G C G C

[Primeira Parte]

The cast was made to reset broken bones  
 But there's no such thing to fix a love gone wrong  
 Keep knocking the door 'cause I know someone's there  
 I wait on the porch hoping someday, I'll be let in  
 They say in the end everything will be okay  
 If it's not okay, well then, it ain't the end

[Refrão]

Had dreams to you I would belong  
 Had the dream you would stay with me till kingdom come  
 Turns out forever has come and gone  
 Am I the only one hanging on?

( G C )

[Segunda Parte]

Hand in hand, yeah, we took it on  
 You answered my prayers, now from my knees, I can't get up  
 Lost patience with time, yeah, hurry up your patience tonight  
 I'd like some of yours, in trade, can take all of mine

[Refrão]

I dreamt to you I would belong

Held the dream you would stay with me till kingdom come  
 Turns out it was more like hit-and-run

Am I the only one hanging on?

Whoa, am I the only one hanging on?

( Dm C G G )  
 ( Dm C G G )

[Ponte]

If you could see what I see now  
 You'd find a way to stay somehow  
 Oh, if you could see, yeah, what I see now

You'd make your way to stay somehow

( F C G G )  
 ( F C G G )

[Final]

May your days be long till kingdom come  
 May our days be long before kingdom come  
 May our days be long until kingdom come

[Final 2]

We can become one last setting sun  
 Am I the only one hanging on?  
 We could become one last setting sun  
 Or be the sun at the break of dawn

Let us not fade  
 Let us not fade

## Acordes
