

# Pearl Jam - Waiting For Stevie

tom:

D

[Refrão]

You can be loved by everyone  
 And not feel, not feel love  
 You can be told by everyone  
 And not hear a word from above

[Primeira Parte]

Swallowed up by the sound cutting holes in the clouds  
 Finds herself in the song, hears her own voice rising

[Refrão 2]

You can be loved by everyone  
 And still not feel, not feel love  
 You can relate, but still can't stop  
 Or conquer the fear you are what you're not  
 Would have to take an act of faith  
 To find relief and escape the blame

[Segunda Parte]

Words follow her down, needs to shake 'em off now, now  
 This godforsaken town don't deserve her anyhow

[Ponte]

Callin' on a messenger  
 Awaitin' on a face (Ah-ah-ah)

That she could trust, a messenger  
 For her love, her love

[Instrumental]

[Refrão 3]

Oh, you can be loved by everyone  
 And not feel, feel love  
 You can be told to not give up  
 And still not hear a word from above  
 You can't take or give what you got  
 Dissolve the fear you are what you're not, no  
 You can be loved by everyone  
 And not feel, feel love

( D Am F G D )  
 ( D Am F G D )  
 You can be loved  
 You, you can be loved  
 You, you can be loved  
 You, you can be loved  
 You  
 You

( D G )

[Final]

Sometimes I feel something, at times I feel there are lies  
 Be mighty, be humble, be mighty humble  
 Yeah, yeah
