

# Pedrini - Cat

tom:  
Eb

[Primeira Parte]

The cat prowls beside my window  
Should I give him what to eat or should I feed just my ego?

[Pré-Refrão]

I don't know if the sun will shine tomorrow  
But the day is always open to changes  
I don't know if I'll be here tomorrow  
But all the people had just one only chance

[Refrão]

To do everything what they do and the cat will keep looking for me  
They will be on their places and the cat will keep looking for me

They will be on their places and the cat will still looking for me

They will be on their places yeah yeah

Repeat verse 1 and pre chorus

[Refrão]

To do everything what they do and the cat will keep looking for me

They will be on their places and the cat will still looking for me

They will be on their places and the cat will still looking for me

They will be on their places yeah yeah

I will be on my place and the cat will keep looking for me

And I will be on my place and the cat will still looking for

I will be on my place and the cat will keep looking for me

And I will be on my place yeah
