

Pedro Camargo Mariano - Distante Calma

Tom: E

[Intro:] E7M E7M(#5) A7M Am

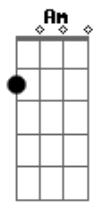

E7M
No giro do planeta eu me encontro só **E7M(#5)**
Procurando a estrela dos perdidos **A7M**
Am E7M
Pois acredito em sonhos, não em pedras **E7M(#5)**
Entre velhos, pobres e vencidos **A7M**
Ainda resta esperança e mágica **Am**

Que fala pelos olhos dos aflitos

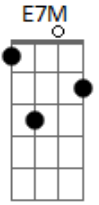

A **B**
Que venha a luz das estrelas
A
Que venham sonhos da distante calma
B **D** **B D**
Dos campos celestiais sobre nós

Um homem em pedaços hoje adormeceu
Suportando a séculos de dor
Mas acredito em sonhos, não no tempo
Atravessado pela flamejante estrela
Pois é preciso aliviar a culpa
E espalhar as cinzas pelo vento
