

# Pedro Vulpe - Wrong

Tom: A

(forma dos acordes no tom de G )

Capostrate na 2ª casa

Intro: C Am

The sunset gives shades of red to my eyes  
 This warm velvet comes to please the landscape  
 Is there a plenty of time for you to wander inside of your dreams  
 And tell me if it's all about ourselves? Or somebody else?  
 Unlock the door and take your place  
 It won't be too long untill we solve what we said  
 No room left for all the words untold  
 And dismay took the part of something  
 That once brought our hands into knots  
 ( C Am )  
 I used to see myself in you  
 Then, I forgot who I was  
 There's no point to stepping foward  
 There's no feeling in my heart

I don't know how to fight against a love that went wrong  
 (Wrong) was I when I belived in your voice?  
 Now, here we are, and I think there's no choice  
 It all comes undone and I wish more to say  
 Wish to be wrong and a reason to stay  
 Instead, I walk down a dark lonely road  
 I still feel you but there's no love anymore  
 We say "no regrets" but it won't last for long  
 Assured that it's over, wanted to be wrong  
 ( C Am C Am )  
 I used to see myself in you  
 Then, I forgot who I was  
 There's no point to stepping foward  
 There's no feeling in my heart  
 I don't know how to fight against a love that went wrong
