

Penelope Scott - Mommy Fwiend

tom:

Intro: Cm G7 Eb Ab Eb

[Refrão]

I don't wanna suck you off

Just to hold the spot

Of every suicide hotline volunteer

You ever called

I'm not your mom

And I'm not your therapist

And I'm not safe enough to take this risk

[Primeira Parte]

I don't wanna eat your dread

The very same way

That women swallow cum

Just to make it go away

And you should treat me better

Than the goddamn fruit

You cut a hole in back in seventh grade

[Pré-Refrão]

And I know

I know you're sad

Let me just remind you

I am not your fuckin' dad

[Refrão]

I don't wanna suck you off

Just to hold the spot

Of every mental health professional

You ever saw

I'm not your therapist

I'm not trained for this

And I don't wanna be forced to listen

Under coercion

Under the threat of your blood on my hands

[Ponte]

Let me remind you

That I am not your dad

[Segunda Parte]

I am not your daddy

I can't support you

I can't work through all

Your childhood trauma for you

I don't wanna fuck you

Like he never could

I don't wanna be the thing you fuck

To do something you shouldn't

[Terceira Parte]

I don't owe you any space on my bed

This isn't feminism

It's straight up normal fucking etiquette

When I say fuck off

Fuck off

Because consent's about more than just

Your cock and the government, so

[Refrão]

I don't wanna suck you off

Just to hold the spot

Of every mental health professional

You never saw

I'm not your therapist

I'm not trained for this

And I don't wanna be forced to listen

Under coercion

Under the threat of your blood on my hands

[Quarta Parte]

Leveraging my constant guilt against me

And you force me into submission

And I would be so much less offended

If you just told me to get back

Into the kitchen

I don't even feel good about it anymore

'Cause you don't take the advice

You fuckin' use me for

[Refrão]

I don't wanna suck you off

Just to hold the spot

Of every mental health professional
 You ever saw
 I'm not your therapist
 I'm not trained for this
 And I don't wanna take a fucking risk
 Under coercion
 Under the threat of your blood on my hands

[Ponte]
 Let me remind you
 That I am not your dad
 Let me remind you
 To call your fucking dad
