

Penelope Scott - Rät

tom:
 Capostrate na 3ª casa
 Bb (forma dos acordes no tom de G)

I come from scientists and atheists and white men who kill God
 They make technology high quality, complex, physiological
 Experiments and sacrilege in the name of public good
 They taught me everything, just like a daddy should

[Segunda Parte]

And you were beautiful and vulnerable and power and success
 God damn, I fell for you, your flamethrowers, your tunnels,
 and
 Your tech
 I studied code because I wanted to do something great like you
 And the real tragedy is half of it was true

[Ponte]

But we've been fuckin' mean, we're elitist, we're as flawed as
 any
 Church
 And this faux-rad West coast dogma has a higher fuckin' net
 worth
 I bit the apple 'cause I trusted you
 It tastes like Thomas Malthus
 Your proposal is immodest and insane
 And I hope someday Selmers rides her fuckin' train

[Refrão]

I loved you, I loved you, I loved you, it's true
 I wanted to be you and do what you do
 I lived here, I loved here, I thought it was true
 I feel so stupid, and so used
 I feel so used

[Terceira Parte]

I was your baby, your first born, the hot girl in your compsci
 Class
 I was darwin's prep school dream bred, born, and raised to
 kick
 Your ass
 I fell for circuit boards, rocket ships, pictures of the stars
 If you could only be what you pretend you are

[Quarta Parte]

When I said take me to the moon I never meant take me alone
 I thought if mankind toured the sky it meant that all of us
 could
 Go

But I don't wanna see the stars if they're just one more piece
 of
 Land
 For us to colonize for us to turn to sand

[Ponte]

'Cause we're so fuckin' mean, we're so elitist, we're as
 fucked as
 Any church
 And this bullshit West coast dogma has a higher fuckin' net
 worth
 I bit the apple 'cause I loved you, and why would you lie?
 And then I realized that you're just as naïve as I am
 Oh, you're so traumatized it makes me want to cry
 You dumb bitch

[Refrão]

I loved you, I loved you, I loved you, it's true
 I wanted to be you and do what you do
 I lived here, I loved here, I bought it, it's true
 I'm so embarrassed, I feel abused

[Quinta Parte]

Well I don't want to eat the rich, I'd have to eat my heroes
 first
 And my tuition's paid by blood, I might deserve your fate or
 worse
 But I don't need your god damn money, I don't need jack shit
 from you
 So when I speak, you bet your life my words are true

[Sexta Parte]

Let me level with you man, as someone guilty of the game
 I took the help, I took the cash, I would've taken your last
 name
 So if any girl on Earth should get to make a call about this
 It should be me, and as I see it, you're a dick

[Ponte 3]

So fuck your tunnels, fuck your cars, fuck your rockets, fuck
 your
 Cars again
 You promised you'd be Tesla, but you're just another Edison
 'Cause Tesla broke a patent, all you ever broke were hearts

I can't believe you tore humanity apart

With the very same machines that could have been our brand new start

And the worst part is

[Refrão]

I loved you, I loved you, I loved you, it's true

And sometimes I feel like I still fuckin' do

I lived here, I loved here, I thought it was true

I'm so embarrassed, I feel abused

I feel so used

I feel so used

I feel so used

Take me to the moon

I feel so used

I feel so used

I feel so used

I feel so used
