Drive on, drive on
 My special one
 Don't you stop 'til you know you're gone
 Your sister and me have a set of keys
 Don't you worry your head 'bout a thing

Drive on, drive on
 My special one
 Don't you stop 'til you know you're gone
 Drive on, drive on
 My special one
 Don't you stop 'til you know you're gone
 Your sister and me will keep your place clean
 so it shines when you finally come home
 Drive on, drive on
 My special one
 Don't you stop 'til you know you're gone
