

Pete Murray - Better Days

Tom: C

And I saw it coming
 I saw emptiness and tragedy
 And I felt like running
 So far away
 Then knew I had to stay
 And I know I'm older
 I look back and I still feel the pain
 I know I'll be stronger and I know I'll be fine
 For the rest of my days
 (chorus)
 I've seen better days
 Put my face in my hands
 Get down on my knees and I pray to God
 Hope he sees me through to the end
 I notice most things
 But I didn't notice the change
 It was hot in the morning
 Then it turned so cold
 Towards the end of the day

There was no conversation
 I just felt like I was in space
 I needed my friends there
 I just turned around
 You were gone without a trace

Chorus x 1

(Single strum this first section)
 Now I have just started
 And I wandered on to the end
 There's nothing I have lost
 That was once placed upon my hands
 And all of these hard times
 There fading around the bend
 And now that I'm wiser
 I cannot wait till I can help my friends

(chorus 2x)

Seen better Na Na Na Na Na Na
 Na Na Na Na Na Na
 Na Na Na Na Na Na
 Na Na Na Na Na Na

Acordes
