Verso 2:

Many times did you swing that hand
 But did you ever see the bruise you used to leave
 I'd spend days I could not go out
 Sometimes it would weeks

So don't come back thinking I'm okay
 Cause really man, I hate you to the core
 You're the most gutless thing I've ever known
 Or ever saw

Ponte:

A B C
 You can't hide the scars
 You can't hide the scars

So turn around and just start walking
 Cause we got nothing left to say
 When you're gone you can be assured
 My smile is gonna come back my way
 And I'll wipe you from my memory
 So you don't exist in my day
 But just remember I'll still smell you
 A thousand miles away
