

Peter Frampton - All I Want To Be (Is By Your Side)

```
Verse:
Intro: D7 D D7 D Bb C ( C G D ) - 2 times
                                                                  D7
Verse:
                                                           Shake me down
                                                           You wanna put on the ground.
Do what you do
                                                           There's money in my pocket
Don't bring me down.
                                                                         D
                                                           I won't make a sound.
I went to the doctor
                                                           Well, you can run me over
He's just another clown.
                                                           or pick a four leave clover
D7 D7
Don't stand alone
                                                           Now they cut the lights down
You might turn to stone.
                                                           This record's going slower.
I wish there was a pill for that
              D
                                                           Chorus:
You're on your own.
                                                                 D7
                                                           Can't you see
Chorus:
                                                                  Bb

                                                           What it's doin' to me?
Can't you see
                                                           Bb C G
                                                           All I wanna be is by your side.
