A

A

I?m drivin thru the night  
Smoking a cigarette, windows down

E  
I?m feeling the speed so hard

Gbm  
Been living fast, I?m electrified

D  
I?m drivin thru the night  
Smoking a cigarette, windows down

A  
I?m feeling the speed so hard

Gbm  
Been living fast, I?m electrified

A  
I?m walkin thru the town  
Citylights, I?m an insomniac

E  
I?m surrounded by a hundred sights

I?m lockin on one, oh she blows my mind

D  
I?m hangin out behind the club  
Bass vibes elevate my soul

Gbm  
This blue-eyed girl is getting closer and closer  
She?s lit up by the rising Sun

Bm A  
6am, time to move away

Bm A  
She?s holdin me back, wants us to escape

Gbm  
She pulled my arm with her cold hands  
We?re runnin like there?s no time to wait

D Bm  
We?re drivin thru the night

D Bm  
She kissed my neck and she holds me tight

Gbm  
I feel her heartbeat getting fast

D A Gbm Bm A  
I?m lucky now, thru the night
