Intro: Gbm E Bm D E
                                                             I'll keep on going strong.
                                                             They had to know,
The days are gone now,
                                                             I will keep holding on!
but I still remember.
