

## Phillip Long - Damn, She?s Got My Mind

```
Tom: A
                                                          She's like an angel surrounded by light
                                                            G C
                                                          She's got grace, she takes me high
(com acordes na forma de
                                         G)
Capostraste na 2ª casa
                                                                            Am
                                                          Yeah, She's like a miracle
              Am Bm
She's like an angel surrounded by light
                                                           Bm
 G C
                                                          She turns water on wine
She's got grace, she takes me high
                                                           G
                                                               С
                                                          I'm pretty sure that she can fly
                 Am
Yeah, She's like a miracle
                                                              G
                                                                   D G
                                                          Damn, She's got my mind
She turns water on wine
                                                               G
G C
I'm pretty sure that she can fly
                                                          Damn, she's got
         D G
                                                               D
Damn, She's got my mind
                                                          Yeah, she's got
                                                          C G D G
Damn, she's got my mind
                Bm
             \mathsf{Am}
                                Am
```
