

Phillip Long - Don't Be Silly

Tom: D

(com acordes na forma de Capotraste na 2ª casa C)

Don't be silly
 Don't put words into my mouth
 I don't know what you're feeling
 But I still love you somehow

Cause you drive me insane
 You disturb my brain
 I can't figure it out
 Cause you drive me insane

Don't be silly
 Don't put words into my mouth
 I don't know what you're feeling
 But I still love you somehow

Cause you drive me insane

You disturb my brain
 I can't figure it out
 Cause you drive me insane

Nobody wants to let you down
 But baby you're so proud
 Just drop your long black hair
 and please enjoy out there

But don't be silly
 Don't put words into my mouth
 I don't know what you're feeling
 But I still love you somehow

Cause you drive me insane
 You disturb my brain
 I can't figure it out
 Cause you drive me insane
