

Phillip Long - Woman Of Venus

Tom: D

Woman of Venus
 I can see your light
 While your tongue cuts my flesh
 My blood becomes wine
 And I always loved you
 I mean most of the time
 It seems it's my curse to be on your side

Woman of Venus
 I can see your light
 While your tongue cuts my flesh
 My blood becomes wine
 And I always loved you
 I mean most of the time
 It seems it's my curse to be on your side
 To be on your side
 To be on your side
