

Phillip Long - You Brought Me Here

Tom: D

You brought me here
 To the state that I'm in
 And I fell on my knees
 With my mouth on your skin

 You brought me right to the sin
 How can I fucking resist?
 Over your mountains
 I spread my seeds
 And now you have a part of me

And now you have a part of me

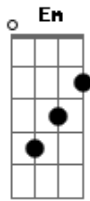

You brought me here
 To the state that I'm in
 And I fell on my knees
 With my mouth on your skin

 You brought me right to the sin
 How can I fucking resist?
 Over your mountains
 I spread my seeds
 And now you have a part of me
