

Phillip Phillips - Fly

Tom: C

(Intro)

(Verse 1)

(Intro)

When the day is done, the wait is always on my mind
 How should I give up, how should I survive?
 Leaning to the side of the busy street
 Looking down, these people never notice me
 Am I the only one who thinks it's hard to breathe?

(Chorus)

Dm F C G
 I feel it's hard to say what's on my mind
 Dm F C G
 I feel it's hard to say what's not inside
 Dm F
 You think your fight is over
 C G
 It's only so much closer
 Dm F C G
 I'll raise my hands to the sky and fly

(Dm F C G)

(Verse 2)

(Intro)

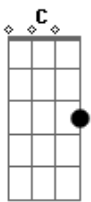

Two thousand faces here, but who am I?
 Am I the only one with a reason to hide?
 Searching through a maze only to find
 Another water break, another water climb
 It's when I loose myself, then I realize

(Chorus)

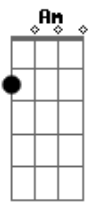

Dm F C G
 I feel it's hard to say what's on my mind
 Dm F C G
 I feel it's hard to say what's not inside
 Dm F
 You think your fight is over
 C G
 It's only so much closer
 Dm F C G
 I'll raise my hands to the sky and fly
 Dm F C G
 I feel it's hard to say what's on my mind
 Dm F C G
 I feel it's hard to say what's not inside
 Dm F
 You think your fight is over
 C G
 It's only so much closer
 Dm F C G
 I'll raise my hands to the sky and fly

(Dm F C G)
