

Phillip Phillips - Hazel

Tom: D

Intro: A Bm D A Bm D

[verse1]

(A Bm D)

You broke my heart and picked the pieces

Threw them in the fire to burn

Left me cold out in the rain

But now I'm moving on without you baby

Without you by my side

I'm finally feeling free

[chorus]

A Bm
But I know that

D (Se quiser, quando ele falar "Shine.." desliza o D pra 4 casa e volta)
The sun will shine for me

A Bm D
Even when the skies are grey

A Bm D (Nessa parte, quando ele fala "Something", se quiser, pode também)
And I feel like I'm missing something

A Bm D D
But the bridges build their own way

(A Bm D)

[verse 2]

I know you've moved on without me girl

But I still think

How the time, it moves so fast

I still think of how the world

It goes around and round and round

But it all stopped when you said

Not for now, Oooooohhhhhh

[chorus]

A Bm
But I know that

D (Se quiser, quando ele falar "Shine.." desliza o D pra 4 casa e volta)
The sun will shine for me

A Bm D
Even when the skies are grey

A Bm D (Nessa parte, quando ele fala "Something", se quiser, pode também)
And I feel like I'm missing something

A Bm D D
But the bridges build their own way

(A Bm D)

Like the ocean washes
The sand to the shore

You're like the sun that slips away

Lips that taste of an angel

And eyes that bring me to my knees

And a smile that could set me free

Just follow me

Just follow me

Just follow me, yeah, oohhhhh

Acordes
